

C17

AIR DRY Clear coat HS 2K 2:1

C17 AIR DRY is a high quality two component acrylic clear coat for quick car repairs (spot-repairs) with low contents of the volatile organic compounds (VOC).

C17 is a product designed for bodyshops, which constantly face the problem of owners demanding a quick return of the repaired vehicle. The use of materials of the latest generation made it possible to achieve extremely short curing time of our clear coat.

The painted element is ready for installation within 90 minutes after application.

- Easy to apply
- Excellent absorption of the overspray
- Very high spreading
- High hardness
- High gloss of the coating
- Paint shall be applied with up to 10% of TVA/TVU thinner

Temperatures below 20°C significantly increases the curing time.

Before applying, clean the surface with silicone remover and let it evaporate. Grind with suitable abrasive paper. Grind recommended for the original layer: P800-P1000 in "wet on wet" system, and P600-800 in dry system. Clean using silicone remover. Always clean and dust the chosen surface with an antistatic cloth.

C17: 100%
C17H: 50%
TVU: max 10%

Amount of layers: 2; layer thickness : ~50-60µm.
RP nozzle 1,3-1,4mm/2,0-2,2 bar.
HVLV nozzle: 1.3÷1,4mm/2,0 bar.
Note: Follow the recommendations of the gun manufacturer.

3-4 min
20°C

Dust-free: 25 -30 min//20°C
Touch-dry: 90 min/20°C
15 min/60°C

Article no.	Capacity
59592 + 59373	1L+0,5L hardener
59590 + 59591	5L+2,5L hardener
